PUPPY OFFICER – Jan Frederickson PO BOX 2109, FOUNTAIN GATE 3805 - PH 0407 869 493

PUPPY and OLDER DOG REGISTER APPLICATION

In the interests of assisting potential dog owners to make informed decisions when buying a Dobermann, the DCV encourages breeders to make available information that will assist buyers to understand the health status of the dogs. The DCV recommends all breeders make every effort to health test the parents of their litter for Cardiomyopathy and VWD. The Buyers will then have the option of discussing with the breeder, test results and what these results mean.

The responsibility remains with the breeder to ensure they are not knowingly breeding with affected stock. (04/05)
